Re: National Stage Entry in US
US Appl. No.: 10/599,805
Inter. App. No: PCT/US04/31150
Title: Diode-Pumped Microlasers Including Resonator Microchips
and Methods for Producing Same
Our docket no.: SN1-11

Dear Sir or Madam:

On October 10, 2006 we filed a PCT national stage application through EFS-WEB for International Application No. PCT/US04/031150. The USPTO logged the incorrect International Application Number of PCT/US04/03115 in the electronic acknowledgement. PAIR now shows this incorrect application information and a copy of the incorrect international application is in the Image File Wrapper.

We request that the USPTO correct the International Application Number in the application. This application is a U.S. National Stage Under 35 USC 371 of International Application Number PCT/US04/031150, as shown in all paperwork uploaded to the USPTO through EFS-WEB. This includes the 371 transmittal, the application data sheet, the declaration and a copy of the published International Application.

All of the paperwork filed by us through EFS-WEB had the correct international application number. Attached are copies of these documents: the USC 371 transmittal sheet, the application data sheet, the declaration and the petition to revive the international application.

The Commissioner is hereby authorized to charge any fees that may be required to correct the USPTO records to Deposit Account No. 02-0910.

If there any questions or concerns, or if you need any additional information from us in order to correct this error, please feel free to contact me by phone at 607-256-2000.

Sincerely,
Brown & Michaels, PC
